

European Cooperation for Social Responsibility

SHOUTOUT4SDGs

Cork and the Sustainable Development Goals:

This badge recognises the completion of the e-learning course “Cork and the Sustainable Development Goals: from the tree to the stopper”, created by the University of Évora and Ambios Portugal, as part of the Erasmus+ Project SHOUTOUT4SDGs "European Cooperation for Social Responsibility".

You have achieved the following learning objectives:

1. Introduction to the SDGs, their importance, and the importance of partnerships in their dissemination
2. Introduction to the history of the montado as an ecosystem shaped by man
3. Exploration of the montado as a managed ecosystem that provides many services and products
4. Analysis of the process of transforming cork, from harvesting to final product
5. Introduction to the many uses for cork, and the other products the montado provides
6. Exploration of the connections that can be established between the montado and the SDGs
